Dear Sir:-

Yours of November 20th received and contents carefully noted. I want you to treat this letter strictly personal.

I think colored baseball should have a commissioner without any inside affiliation that would effect his judgement and decisions. As has often been handed to us before the nomination of Major R. R. Jackson to this position is absurd and I will never vote for same because I do not think him capable or qualified.

I will be glad if you will contact my personal representative, Mr. F. D. Pickering, who has full authority to act for me and discuss this matter with him. All I am interested in is the betterment of colored baseball and the necessary procedure to attain same.

With kindest personal regards, I beg to remain,

Respectfully yours,

J. B. Greer
